

AlanaSky Collection

A Unique Accent and Screen Panel System

Presented By The McCarthy Group

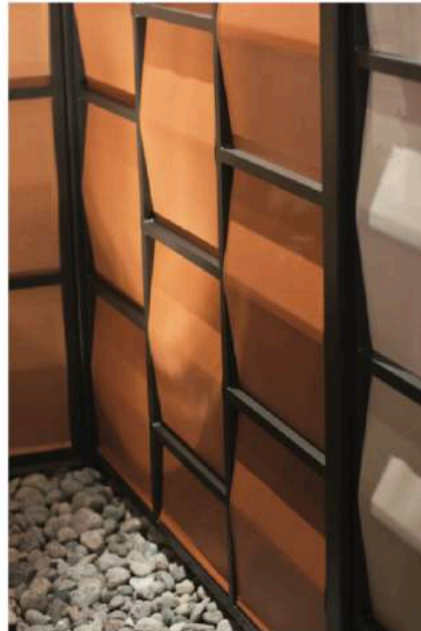

The AlanaSky Classic Collection

About The Designer: Ronald McCarthy

Landscape architect Ronald McCarthy has always been on the forefront of new product designs, leisure and retail concepts. McCarthy's own visionary style is inspired from his endeavours across Europe, the Middle East and at home in North America. McCarthy's new venture is again a first of its kind and a leading edge design.

Panel System: Features and Benefits

The AlanaSky Classic Collection from acclaimed landscape architect, Ronald McCarthy. The unique privacy screen system that delivers the ability to create an elegant enclosure or screen to accent any outdoor environment. The frames are powder coated aluminum with outdoor rated fabrics that are available in three colours.

- There is no maintenance required
- The fabric has a 5 year warranty and does not fade
- The aluminium is powder coated
- The materials are recyclable
- The collection has a higher perceived value compared to wood
- There is a wide range of colours to choose from
- The panels can be supported using aluminium or wood posts
- Lighting on the fabric can create a dramatic effect at night
- The fabric colours can be co-ordinated with outdoor furniture
- The panels are power washable
- The product is designed and manufactured in Canada
